

Dear Room 109 Families,

I hope this letter finds you well. I am Ms. Green, and I'm excited to be your child's kindergarten teacher for the upcoming 2025~2026 academic year. As the previous building substitute teacher, I've already had the pleasure of getting to make McCall a place I call home.

I graduated from The Pennsylvania State University, graduating with degrees in journalism and criminology. Additionally, I studied TEFL (Teaching English as a Foreign Language), which gave me the opportunity to teach students from diverse backgrounds and enrich my approach to teaching young learners.

I've been teaching since 2018, and gained experience in various classroom settings: kindergarten, pre-kindergarten, and even abroad in Seoul, South Korea. These experiences have broadened my understanding of how young children learn and grow, and I am eager to bring both my knowledge and experiences to our classroom.

In Room 109, my main focus will be building the foundational skills your child will be developing in reading, writing, math, and socio-emotional growth. I strongly believe in the importance of structure and routine in the classroom, as they help nurture a positive and supportive environment where children can feel safe and confident as they learn. Kindergarten may present some challenges to your little ones, but it's an exciting time for their growth and development.

I strongly believe in the power of open communication and transparency. If you have any questions or concerns, please don't hesitate to reach out. I am here to support your child's success and ensure they have a joyful, enriching kindergarten experience.

Thank you for joining the McCall School family. I look forward to this upcoming school year and all we will accomplish together.

Warmly,  
Ms. Green  
Kindergarten Teacher, Room 109
